Re: *Application by Verizon New England Inc., et. al. To Provide In-Region, InterLATA
Services In Vermont, CC Docket No. 02-7.*

Dear Mr. Caton:

Yesterday, Mike Lieberman, Catherine Pitts and I representing AT&T met with Dorothy Attwood, Chief of the Wireline Competition Bureau, Scott Bergmann, Legal Counsel for the Wireline Competition Bureau, Rich Lerner, Chief of Staff for the Wireline Competition Bureau, Tamara Preiss, Chief of the Competitive Pricing Division, Deena Shetler, Deputy Chief of the Competitive Pricing Division to discuss issues raised in the aforementioned application. Specifically, we reiterated that the Vermont switching and daily usage feed rates are not cost-based and are significantly greater than the corresponding rates recently approved by the New York Public Service Commission. We also explained that those rates constrain carrier's from competing in the local marketplace as evidenced by the utter lack of competitive entry in the Vermont local market and that, as a consequence, approval of Verizon's application would not be in the public interest. AT&T's statements were consistent with the filings previously made by AT&T in this proceeding. Attached are three slides submitted at the meeting that provided a brief outline of the presentation.

I have submitted two copies of this Notice in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in black ink, reading "Robert W. Quinn". The signature is written in a cursive style with a large, stylized "Q" at the end.
